# MNAJDRA

Lower Temple oriented due East, so at Sunrise on the Equinoxes the sun shines right down the axis and fully illuminates the altar.

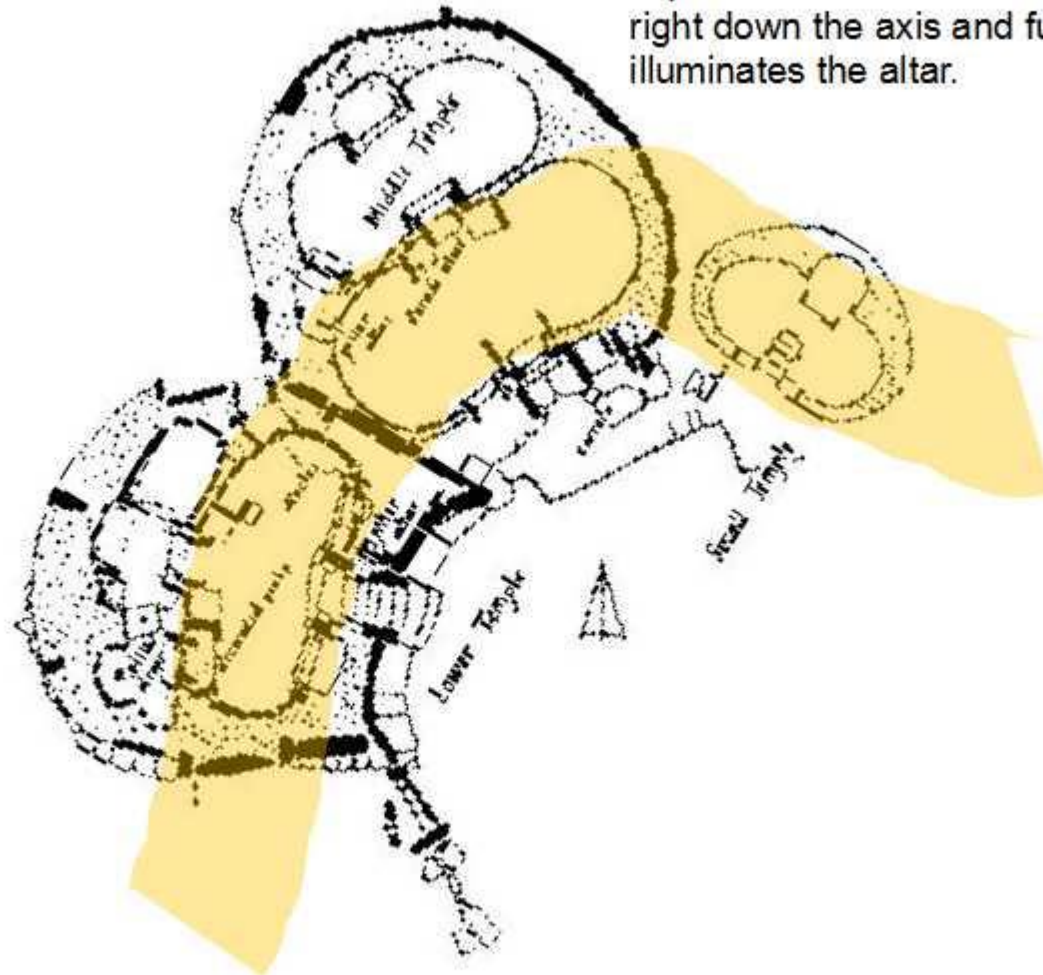

## Female Earth Energy current:

Sweeps through outer apses of all three Temples. Connected to Hagar Qim 500m to east.

## Female:

Healthy  
50 paces wide  
Bovis intensity 78,000ub  
22 bands either side of centre  
90% beneficial  
10% detrimental

Large site, partly restored.  
Under a canopy. Lovely  
energies.

Friday 18<sup>th</sup> March 2016

Female Energy Line flowing through Mnajdra Temple

Sunday 20<sup>th</sup> March 2016

05:39 Civil Dawn - Energy Lines wake up

06:05 Official time of Sunrise at Qrendi (nearest village)

06:20 Female Energy Line present as per 2 days previously

06:23 Sun first appears over Hagar Qim Ridge to illuminate edge of Altar. Female Energy Line and Earth Energy Vortexes (EEVs) disappear. Eerily quiet

06:53 Centre of Altar illuminated. Energies return but with reversed polarity  
Energy Line now dowsing as Male. Magical atmosphere

07:23 Altar no longer illuminated. Everything returns to normal. People get bored and start to leave

06:15am The Altar of Mnajdra South Temple not yet illuminated

Sun rose at 06:05 at Hagar  
Qim but did not appear over  
Hagar Qim ridge for another  
18 minutes.  
Female Energy Line and Earth  
Energy vortexes dowse the  
same as 2 days previously

Sunday 20<sup>th</sup>  
March 2016

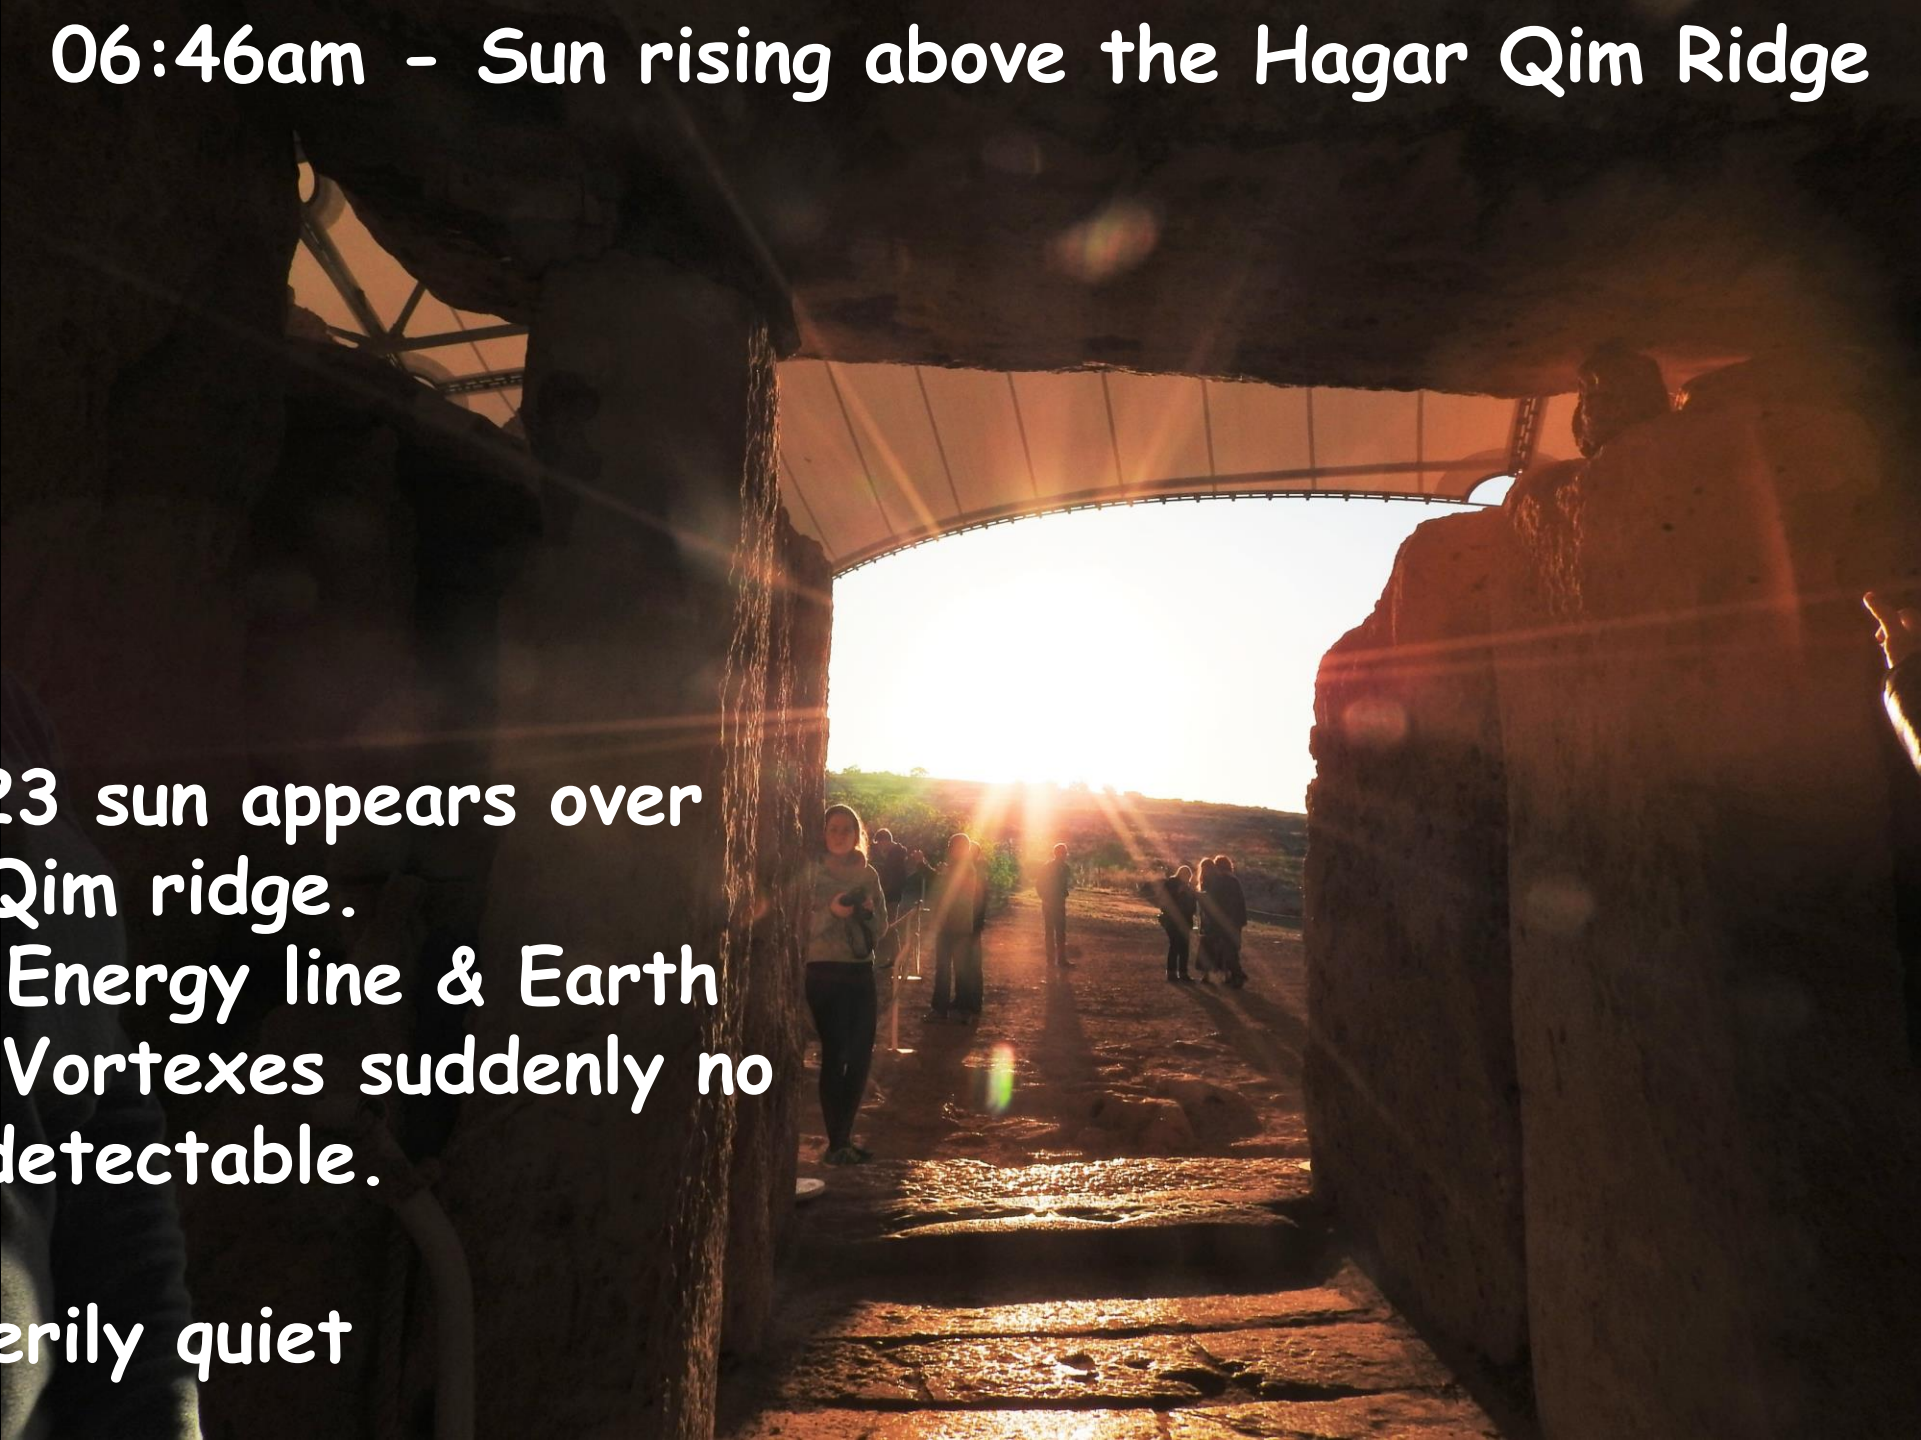

06:46am - Sun rising above the Hagar Qim Ridge

At 06:23 sun appears over  
Hagar Qim ridge.  
Female Energy line & Earth  
Energy Vortexes suddenly no  
longer detectable.

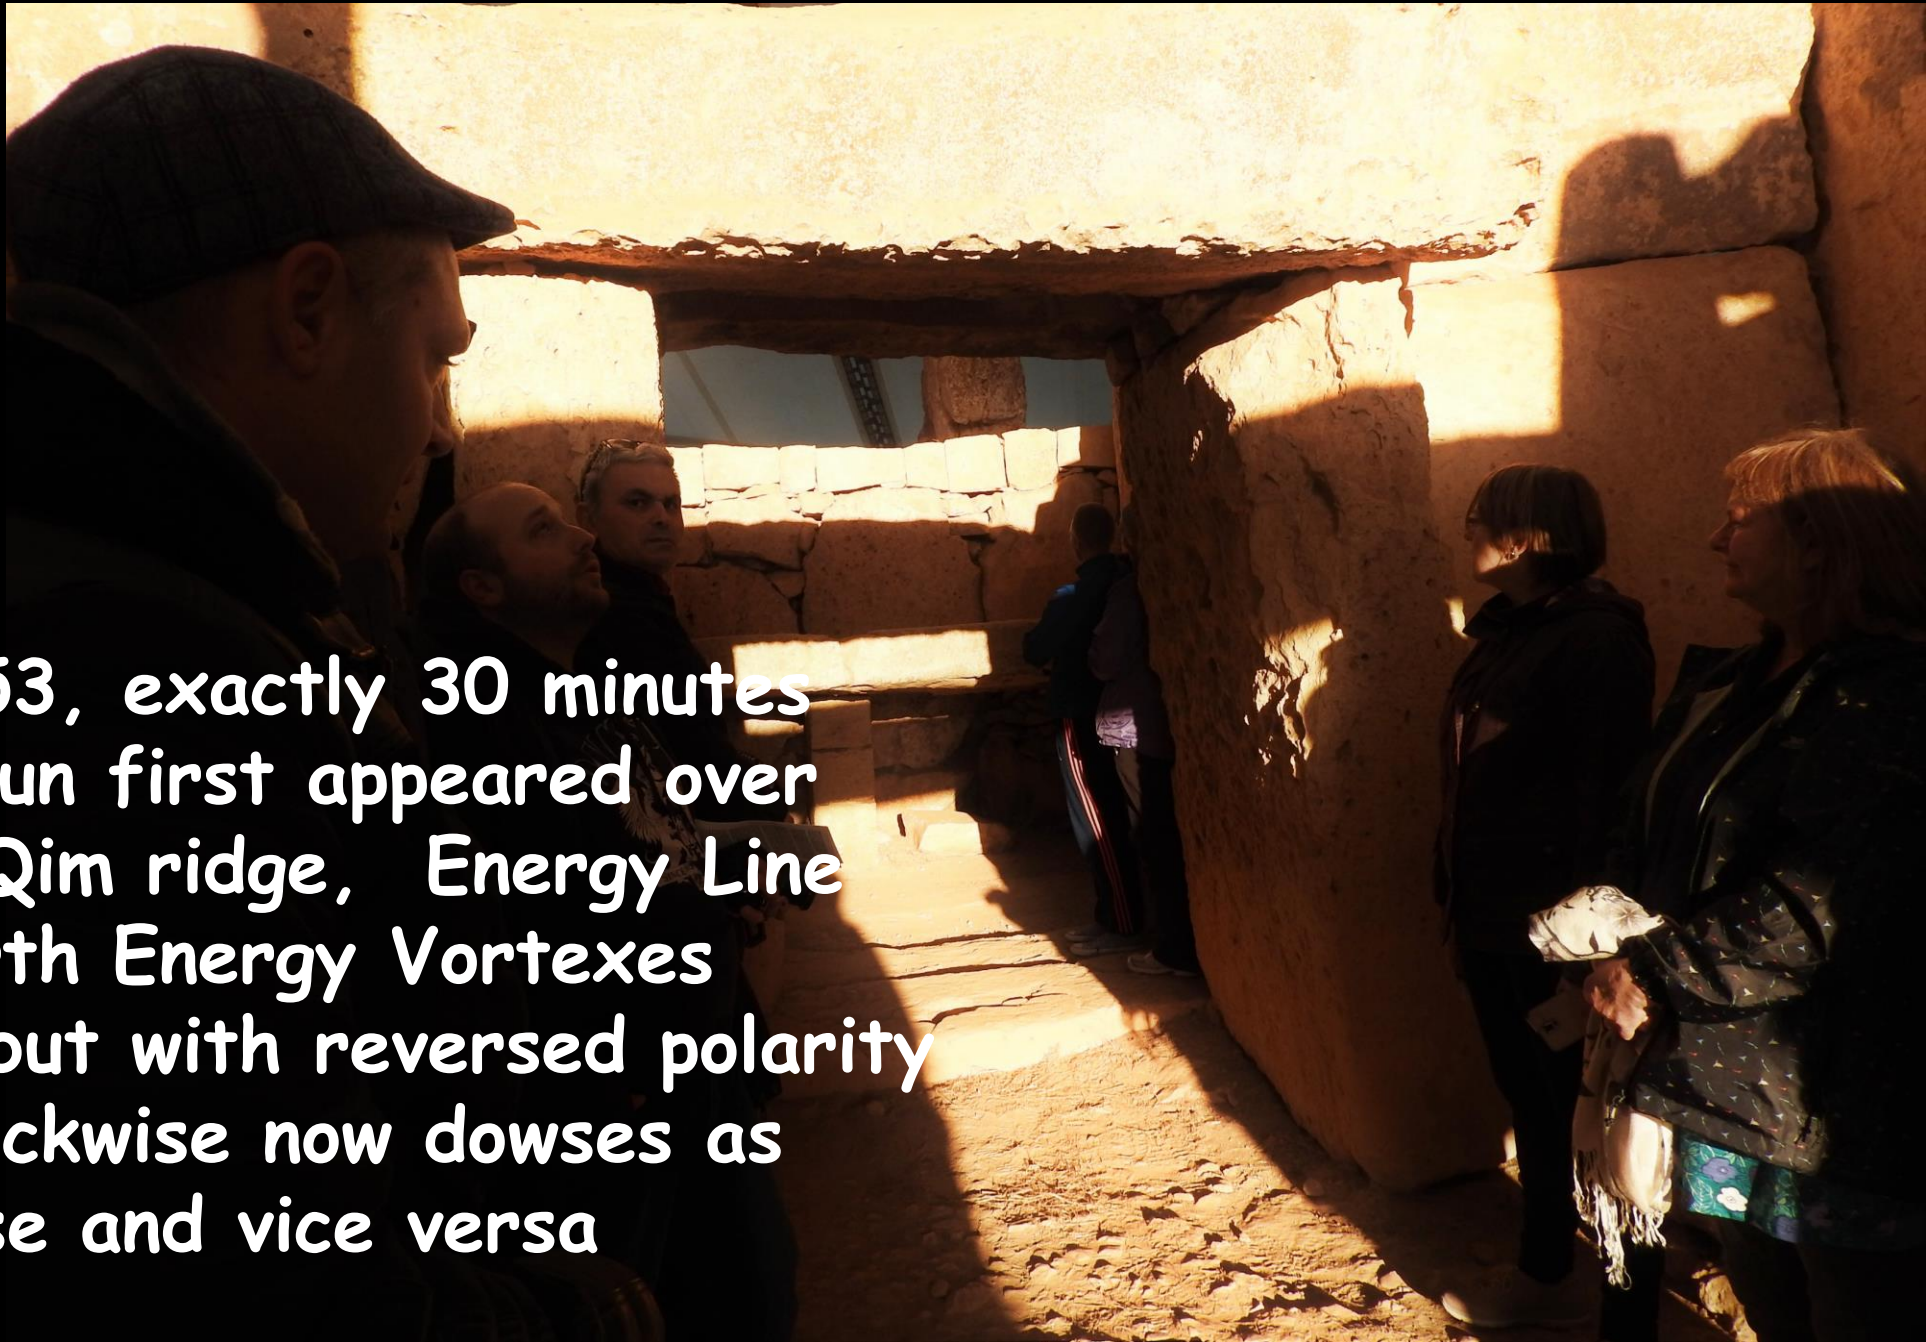

Feels eerily quiet

Sunday 20<sup>th</sup>  
March 2016

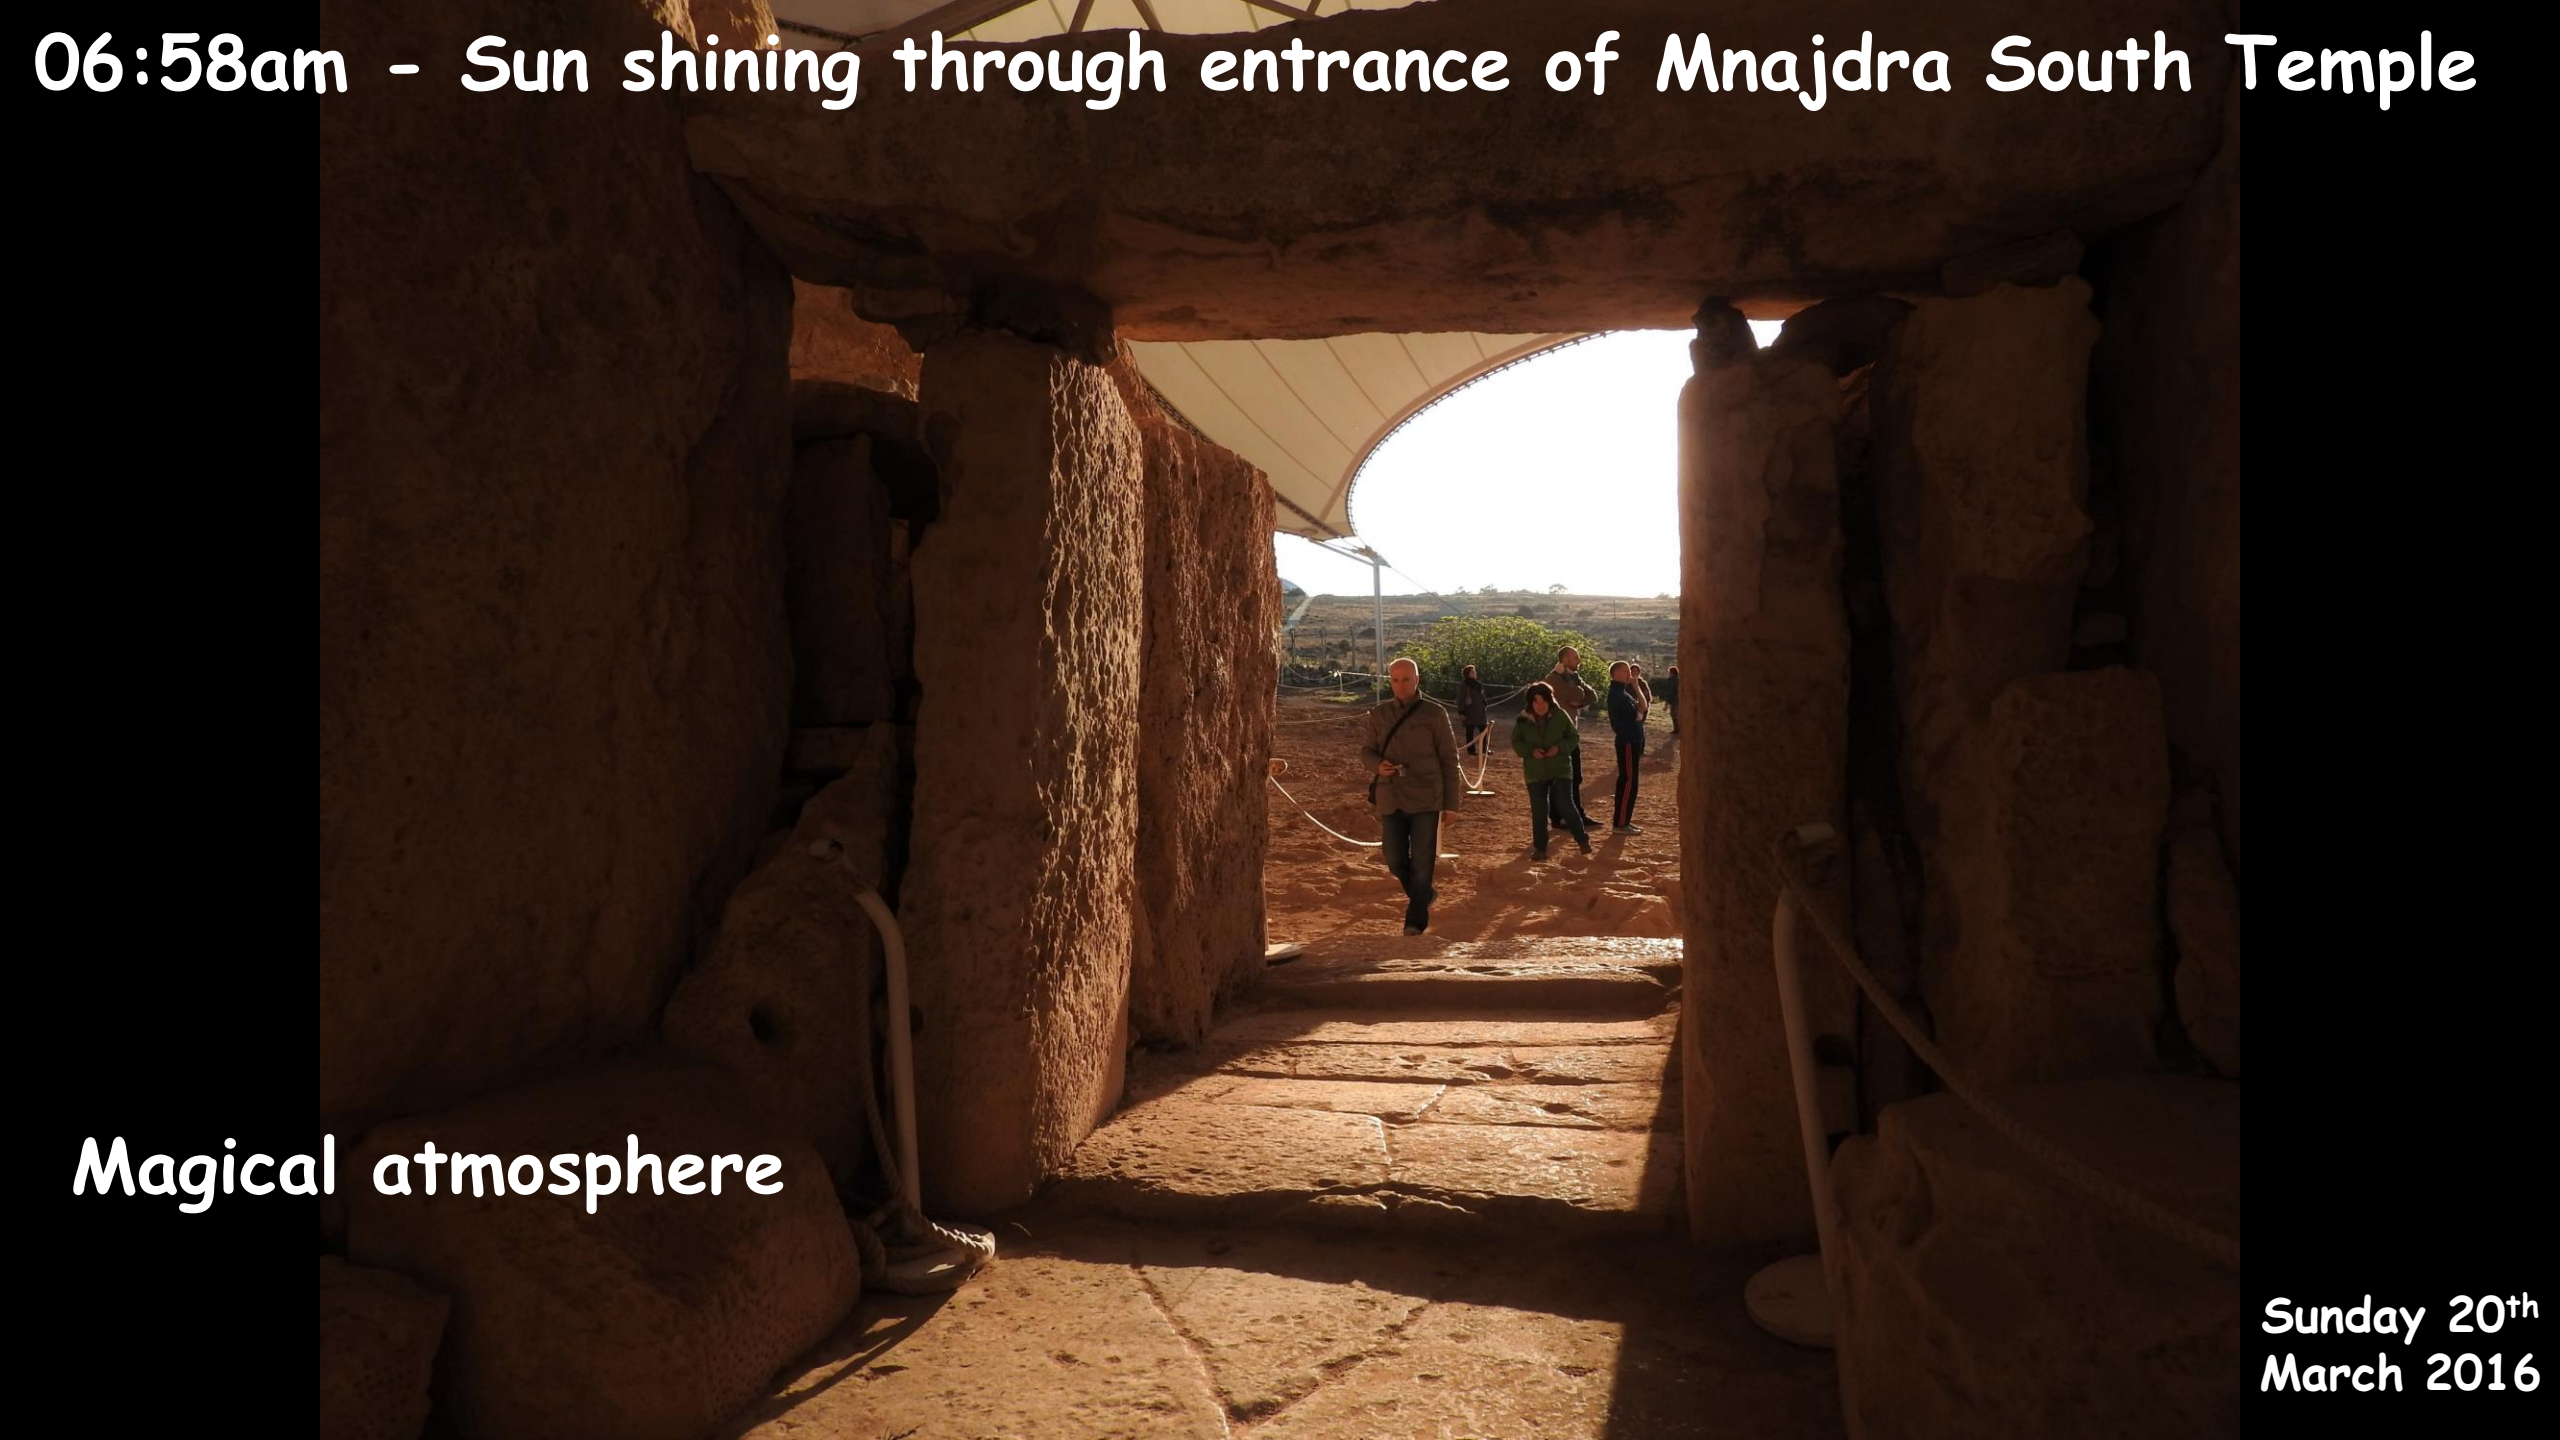

06:50am - Looking through inner entrance to illuminated Altar

At 06:53, exactly 30 minutes  
after Sun first appeared over  
Hagar Qim ridge, Energy Line  
and Earth Energy Vortexes  
return but with reversed polarity  
Anti clockwise now dowses as  
clockwise and vice versa

Sunday 20<sup>th</sup>  
March 2016

06:58am - Sun shining through entrance of Mnajdra South Temple

Magical atmosphere

Sunday 20<sup>th</sup>  
March 2016

06:58am - Sun shining along central axis through outer apses onto inner entrance

Magical atmosphere

Sunday 20<sup>th</sup>  
March 2016

07:00am - Sun illuminates Altar area

Magical atmosphere

Sunday 20<sup>th</sup>  
March 2016

07:01am - Sun illuminating the Altar through inner entrance

Magical atmosphere

Sunday 20<sup>th</sup>  
March 2016

07:02am - Sun illuminating the Altar through inner entrance

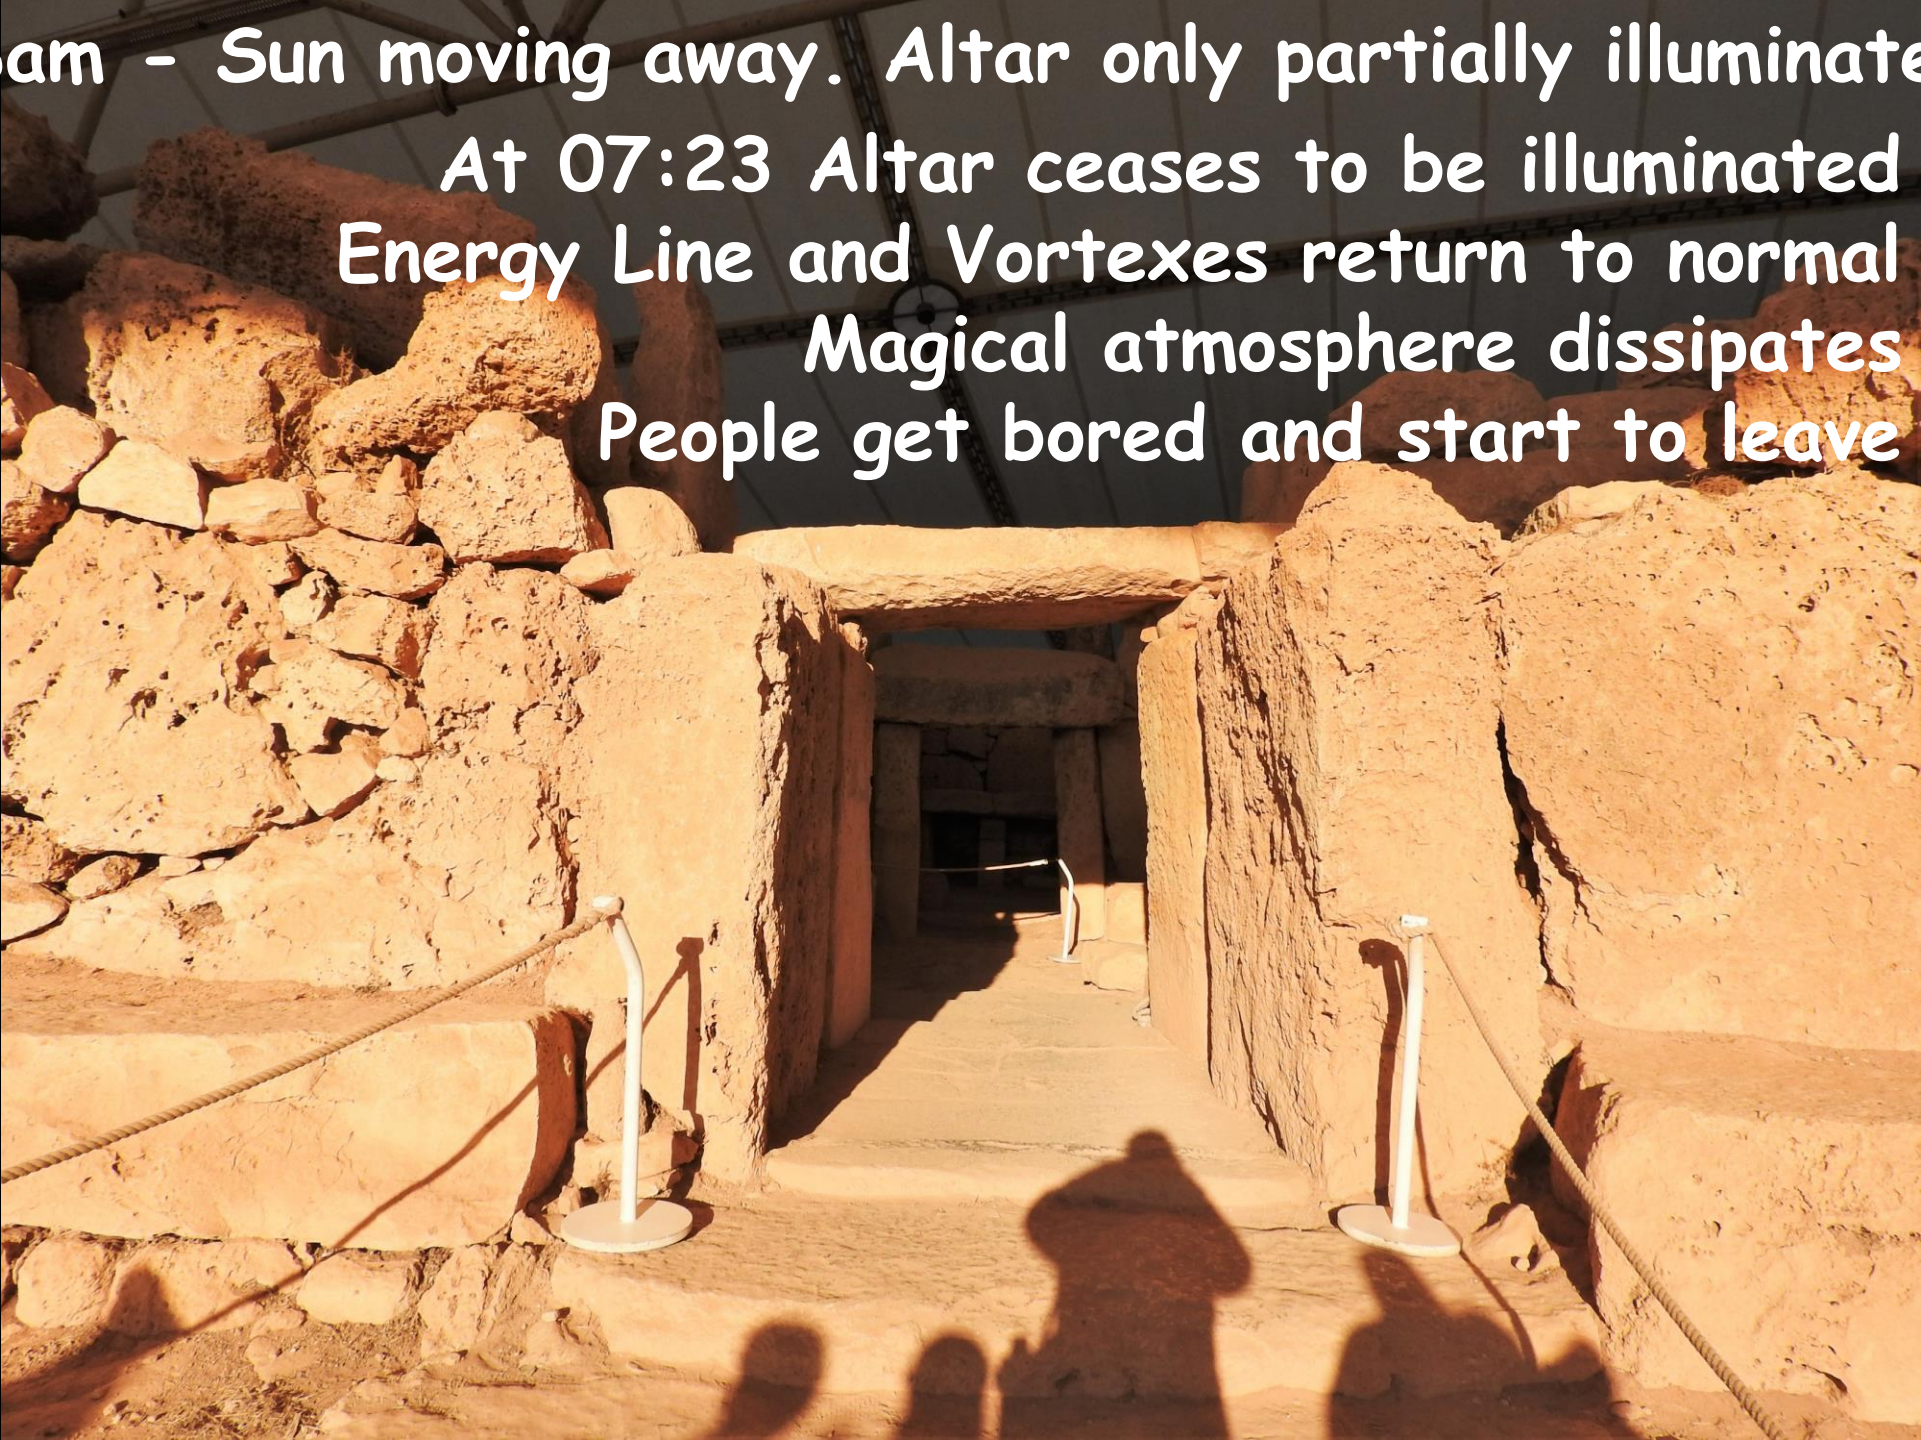

Magical atmosphere

Sunday 20<sup>th</sup>  
March 2016

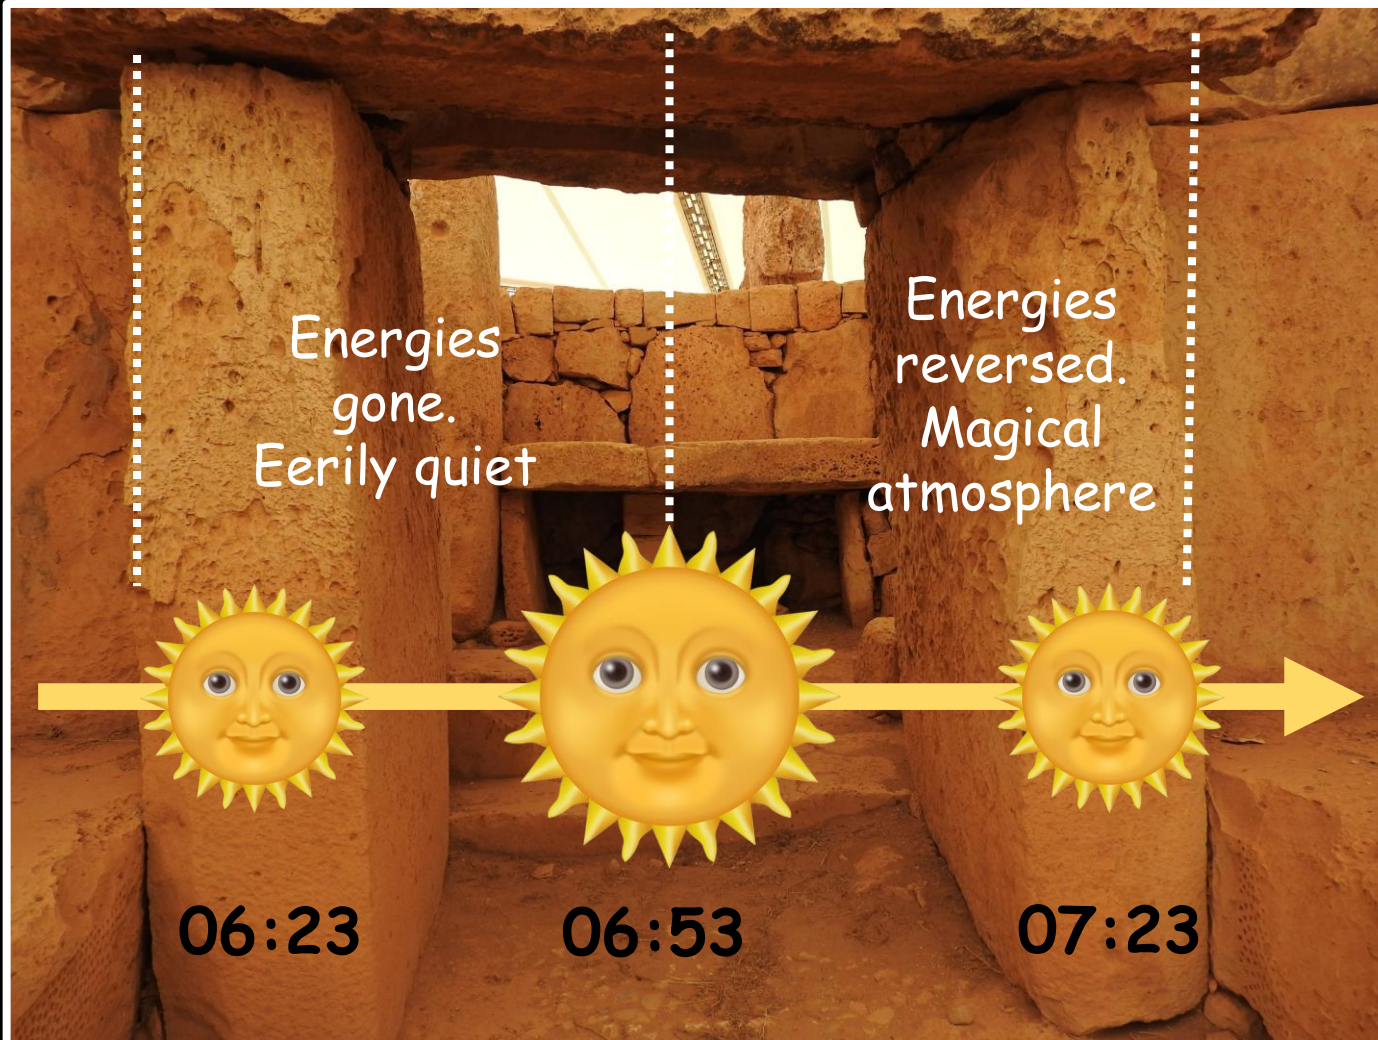

07:18am - Sun moving away. Altar only partially illuminated now

At 07:23 Altar ceases to be illuminated
